Memorandum

Date: October 7, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Subject: Allocation of Economic Development in the Targeted Urban Areas Fund Project 320 to the Regional Health and Wellness Center and the Culinary Enterprise Center through the Opa-Locka Community Development Corporation

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution allocating \$3,000,000.00 of funding from the Building Better Communities General Obligation Bond (BBC GOB) Program, Economic Development in the Targeted Urban Areas Fund Project 320 to the Regional Health and Wellness Center and the Culinary Enterprise Center projects (Project). The resolution directs the Mayor or Mayor's designee to begin negotiating the terms of a grant agreement with the Opa-Locka Community Development Corporation that will be presented to the Board for approval at a future date.

Scope

The proposed project will be at two locations in Commission District 1 (Commissioner Barbara Jordan). The economic impact of this project primarily benefits the Opa-Locka Targeted Urban Area but indirect benefits will also occur in areas of the county outside of the Targeted Urban Area and District 1.

Fiscal Impact/Funding Source

There will be no fiscal impact to the County with the approval of this item which simply sets a potential allocation for the recommended Project and establishes the directive to begin negotiations for a grant agreement that must come back to the Board for final approval.

Track Record/Monitor

Deputy Director of Regulatory and Economic Resources, Josh Gelfman, will monitor the creation and retention of new jobs, average salaries, private investment and any other performance measures as agreed in the respective grant agreements, which would be approved by the Board.

Background

In November 2004, Miami-Dade County voters approved the issuance of \$352.182 million in general obligation bonds to, among other things, construct and improve bridges, public infrastructure, and neighborhood improvements as part of the BBC GOB Program. A total of \$15 million was allocated towards the Economic Development in the Targeted Urban Areas Fund Project 320. The Administrative Rules for the BBC GOB Program that govern Fund Project 320 were adopted by the Board under Resolution No. R-668-10 on June 15, 2010.

Funding from grant awards under Project 320 must be used for public infrastructure improvements to spur economic development and attract new businesses to the community in order to create jobs. Public infrastructure includes road improvements, water and sewer networks, public parking structures, public facilities and other improvements subject to certain limitations and evaluated on a case-by-case basis. Ineligible uses of the grant awards from Project 320 include, but are not limited to, working capital, furniture and fixtures, business equipment, and non-capital related expenses.

Staff conducted evaluations of submitted projects taking into consideration the requirements and objectives of the Administrative Rules, the language in the BBC GOB bond question approved by the voters in 2004 and the information proposed on the BBC GOB application.

The grant awards are disbursed as reimbursements of eligible expenditures paid by the grantees and approved by the Mayor or the Mayor's designee in accordance with established administrative and IRS rules governing the tax-exempt status of the General Obligation Bond Program. The disbursement of grant funds is also contingent upon the developer meeting performance measures for job creation, private investment, average salaries and other measures specified in the respective grant agreements. In the event that IRS rules require grant funds to be disbursed before performance milestones can be met, a clawback provision will be included in the grant agreement that allows the County to recover part or all of the grant funds disbursed when performance milestones are not achieved.

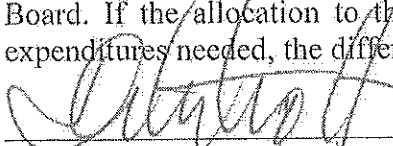

The Opa-Locka Community Development Corporation is proposing to develop a children's regional health and wellness center and culinary enterprise center, and seeks Economic Development Fund funding for both the wellness center and the culinary enterprise center. The applicant's consultants estimate that both projects combined would yield 145 new jobs by the third year of operations, increasing to approximately 243 jobs by the fifth year and potentially 630 jobs by the 15th year of operation. Both facilities would serve the residents of the Opa-Locka Targeted Urban Area. The application shows that \$5,785,792 is needed to develop the culinary business incubator.

The proposed culinary center will be located at 757 Ali Baba Boulevard in Opa-Locka. The Opa-Locka Community Development Corporation proposes to construct a 20,000 SF culinary business incubator (Thrive Kitchen) on land owned by the Opa-Locka Community Development Corporation. Thrive Kitchen will offer start-ups and growing food businesses with shared-use of a licensed commercial kitchen and technical assistance in growing those businesses and hiring employees. The center will partner with Miami-Dade College's Culinary Institute to provide the technical assistance and workforce training.

The Regional Health and Wellness Center will be housed in renovated space at the Hurt Building located at 490 Opa-Locka Boulevard in Opa-Locka and requires \$500,000 of investment to establish the wellness center on the first floor. The wellness center will be operated by the Jessie Trice Community Health Center, expanding their patient base and thereby creating the need for eight new full-time medical staff with an average annual compensation rate of \$46,200.

The Opa-Locka Targeted Urban Area has a poverty rate of 32%, and an unemployment rate of approximately 12.8%. The median household income is approximately \$22,000. Just over half the adult residents do not have a high school diploma or GED.

Prior to entering into a grant agreement, a final determination as to the Project's qualification to receive the funds will be made. The grant agreement will be presented to the Board for approval at a future date. If an agreement for the Project cannot be finalized, the funding may be reallocated by the Board. If the allocation to this Project is greater than the amount of eligible public infrastructure expenditures needed, the difference will be available for reallocation by the Board.
